Examine the *Seated Gudea* and *Khafre* slides closely. Make note of the following details:

I. Representations of the body

Write down as many specific details about the figures' bodies as you can. Think in terms of proportion, texture, expression, position, etc.

II. Qualities of the statues

What qualities (strength, confidence, etc) do these figures display? What aspect of the physical description above helps give you this impression?

III. Visual Analysis and Comparison

Now, looking back at your two lists, write a 1-2 page response comparing the two slides. Look at your assignment sheet for the question, and be sure to use several specific examples from the notes you took above.
