About this data: This data was collected from the Strategic National Arts Alumni Project (SNAAP) survey, sent to all of our alumni in Fall 2022 and from graduation rates for AICAD schools in 2021. Employment includes full-time and part-time work. Average income was based on their self-reported projected personal income for 2022. Freelancing data includes those who reported currently freelancing or engaging in freelance work in the past. Peer institution status determined by size.
