

1. Check your email for an invitation from NERCOMP – accept the invitation

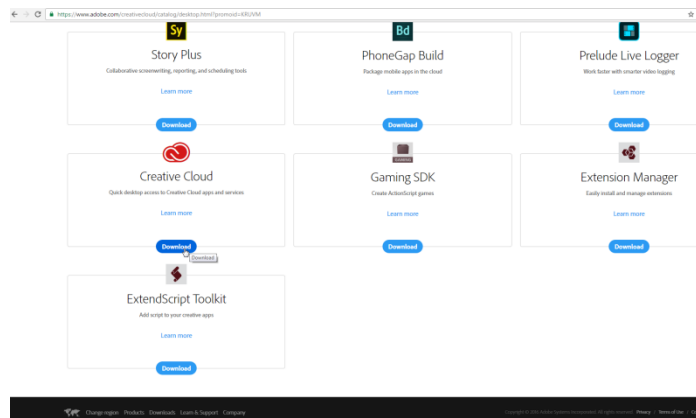

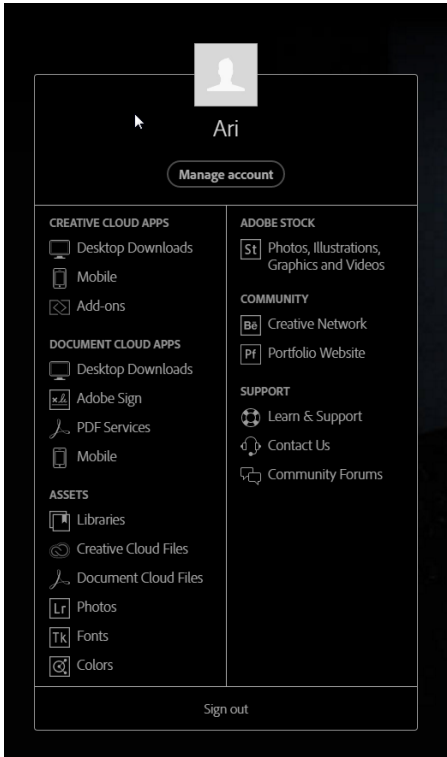

2. Sign in with your Montserrat email address as the Adobe ID, if you do not already have an account with your Montserrat email, it will prompt you to create one and select a password. We do not manage these passwords, if you need a reset you will need to go through Adobe’s ‘forgot password?’ steps.

3. Congrats! Your ID has been licensed. Download the Creative Cloud Desktop app and begin installing the Adobe Suite. If you already have the CC Desktop app, sign in with your Montserrat Adobe ID and your product will be licensed.

- Go to adobe.com; select “Desktop Downloads” under Creative Cloud Apps and you will find the CC Desktop App towards the bottom of the page, labeled “Creative Cloud”. This is the easiest way to manage your installed applications, though if you prefer you are able to download them individually from the website (the Desktop App provides a central location to manage updates, additional installs and your account)

Creative Cloud Desktop app for easy management:
